RELAX AT THE BLUE LAGOON

The Blue Lagoon is not to be missed while you are in Iceland. The Lagoon is a unique wonder of nature; a lagoon with pleasantly warm mineral-rich geothermal water in a middle of a black lava field. The high natural levels of silica and minerals give the Lagoon its rich blue colour. The facilities include modern changing rooms and showers, an indoor geothermal pool, a winter garden, restaurants and other services. A visit to the Blue Lagoon is both invigorating and exciting whether one bathes there surrounded by snow in the middle of the winter or in the long summer daylight.

Return transfers are included, picking up from the town of Reykjavik and either dropping you back in Reykjavik or to the airport for your flight out. Allow at least 5 hours, including travel time, to make the most of your visit.

Includes bus transfers, admission to the Blue Lagoon, hire of towel, silica mud mask, one drink of your choice at the in-water bar and much more, depending on your package option. Contact us for further details.
