8KM RUNNING COPENHAGEN SPECIAL TOUR – 21 OCT 2026

COST

\$113 AUD

A specially crafted running tour has been arranged for Polar Circle Marathon participants that you can book if you would like some sightseeing in Copenhagen and to stretch your legs before heading off to Greenland. The relatively short distances, the fantastic sights, and the vibe of the city makes it perfect for sightseeing whilst running.

The running tour will last for around 1.5hrs starting at 3:30pm from Rådhuspladsen (City Hall Square) and you will cover approx. 8kms. From the statue of world-famous storyteller H.C. Andersen you head to the main sights in Copenhagen including the Parliament, the Queen's castle and the Little Mermaid. The route has been planned with the beautiful scenery of Copenhagen in mind and you will be running along the canals and the harbor as well as some of Copenhagen's many parks. This tour is very informal and run only in smaller groups so there is plenty of time to ask questions. Pace: 5-6 minutes per kilometer.

This ethereal light display is the result of a scientific phenomenon where gaseous protons and electrons from solar wind collide with molecules in the Earth's atmosphere. NOTE: This tour is weather-dependent, with a full refund for cancellations due to cloud cover. The exact date of the tour will be determined based on the best forecast during your stay in Kangerlussuaq.

Kangerlussuaq might be a quiet place today, but it has a wild history. Once a busy American air base, it's now Greenland's main airport and a small, close-knit settlement. On this tour, you will explore the area while your guide shares stories from its wartime past to its modern-day role and what life's really like out here. You will hop in an all-terrain vehicle and head out on to Greenland's longest road, making stops at the scenic harbour, the quirky little research town of Kellyville, and the old base area. You will also swing by the village Kennel to meet Greenland's amazing sled dogs! With some luck, you may see musk oxen, reindeer and arctic foxes.

Kangerlussuaq enjoys the unique pleasure of being the only place in Greenland where you can drive to the Ice Sheet. On this excursion you will be driven in a 4WD vehicle via a picturesque route to the magnificent Russell Glacier, an impressive sight with vertical walls of ice reaching as high as 60 metres. Though you will not hike on the glacier itself, you will get close enough for some great photo and video opportunities along the glacier's edge before heading back into town. The drive will take approximately 1.5 hours, and along the way we'll be on the lookout for wildlife such as reindeer and musk oxen.
